AACER SPORTS FLOORING

Aacer Sports Flooring, a MFMA member mill, combined its ever popular ScissorLoc and PowerSleeper systems to design PowerLoc. This hybrid system delivers a dimensionally stable floor with excellent ventilation capabilities. It is an excellent choice for new and retrofit sports floor applications. The PowerLoc exceeds PUR, DIN & EN certification. ☎ 715.582.1181

SURFACES

MFMA

MFMA's PUR Standards include shock absorption, vertical deflection, area of deflection, ball bounce and surface friction. These standards are designed to ensure customers receive a well-performing sports surface. MFMA's goal is to balance technical standards with practical system design to create uniform standards for competition sports floors. ☎ 888.480.9138 🌐 maplefloor.org 📧 mfma@maplefloor.org

SURFACES

SOFSURFACES

Virtually indestructible, duraTRAIN™ (formerly DuraFLEX) rubber fitness flooring tiles are designed for a range of applications, from heavy use fitness facilities to high impact health clubs, offering superior sound insulation. Its interlocking design and proprietary manufacturing process are the result of extensive testing and engineering backed by a best-in-industry limited lifetime warranty. ☎ 800.263.2363 🌐 sofsurfaces.com 📧 info@sofsurfaces.com

SURFACES

SPRINKGUARD

Invented by a basketball coach, SprinkGUARD offers industrial strength, UL classified protection for sprinkler heads in fire suppression systems. Guards attach to the supply line, eliminating contact with the sprinkler head. Welded steel construction withstands impact from virtually any hazard, protecting expensive playing surfaces, floors and equipment from potential damage. ☎ 877.274.7976 🌐 sprinkguard.com 📧 info@sprinkguard.com
